There will be a home warranty service fee of \$50 per service call for each repair incident. We want our owners to understand that our staff must process a repair request through two additional entities – the home warranty company, and the home warranty company's vendor(s). It is typical for our staff to be on hold with a home warranty company for 45 minutes or longer just to process a work order via phone. In addition, we cannot provide adequate supervision for a home warranty vendor, and we incur increased liability from a vendor that we do not have a relationship with. **If your provider does not allow a third-party access to your warranty information, we may request your login information.**
